

Light-Sticks are brightly colored, deco-style fluorescent lamp products for display applications. Using a patented integrated power supply, the splashy lights in six sizes and nine colors have a streamlined look. With no external ballasts or power supplies, the lamps can be displayed on floors, ceilings, walls and windows. Way-Light has acquired exclusive North American distribution rights to the products, which are manufactured by American Neon of Muenster, Germany. For more information, contact Way-Light, 30025 Alicia Pkwy, #103, Laguna Niguel, CA 92677 (Tel) 949-215-9768; (Web Site) [www.way-light.com](http://www.way-light.com).
